

New University of Lisbon

NOVA School of Science and Technology

Notice no. 3117/2025/2 published in *Diário da República*, 2nd series, no. 23, 03/02/2025

Deadline: 17/02/2025

Opening of an international selection procedure for the recruitment of a Junior Researcher

Under the terms of Order no. 181/2023, of 04 January, by delegation of powers, the Director of the Faculty of Science and Technology of NOVA University Lisbon, Prof. Dr José Júlio Alves Alferes, hereby announces that, by order of 27/01/2025, an international call for tenders, with internal reference “**Inv.Jun.20-DCM**”, is open for a period of 15 days from the date of publication of this Notice in the *Diário da República*, for the recruitment of 1 Junior Researcher in the scientific area of **of Materials Engineering, Chemistry, Chemical Engineering or related areas**, sub-area of Liquid-Crystalline Elastomers, with emphasis on Modification and characterisation of polysaccharides, namely chitin and cellulose, on an open-ended employment contract basis, on an open-ended employment contract, under the terms of Decree-Law no. 57/2016, of 29 August, amended by Law no. 57/2017, of 19 July, in the scope of Alcemist Project (ERC Synergy Grant 2024), funded by the European Commission Grant Agreement no. 101167171.

In compliance with paragraph h) of Article 9 of the Constitution of the Portuguese Republic, the New University of Lisbon, as an employer, actively promotes a policy of equal opportunities between men and women in access to employment and professional advancement scrupulously ensuring to avoid any form of discrimination. In this sense, terms such as "candidate", "selected", "recruited", "hired", "author", "researcher", among others that refer to people applying for the competition, are not used in this Notice to refer to their gender.

I - Workplace

The place of work will be at the premises of the Faculty of Science and Technology of NOVA University, located on the *Caparica* Campus, in the Department of Materials Science, Materials Research Centre of the i3N Associated Laboratory, Institute of Nanostructures, Nanomodelling and Nanofabrication. The employee will make all the journeys, in Portugal or abroad, inherent to their duties or necessary to carry out their activity.

II - Activities and function

The selected candidate will work as a Junior Researcher and will carry out WP1 and WP2 tasks for the Alcemist project (ERC Synergy Grant 2024). In addition:

- You must be available to travel to Cambridge, UK and Luxembourg in order to carry out research work. The research activities involve the following topics: development, characterisation and processing of new liquid-crystalline elastomers obtained from cellulose, chitin and chitosan.

- He will be responsible for the synthesis and modification of cellulose, chitin and chitosan, the development of a library of polysaccharides with liquid crystalline and/or elastomeric properties;
- He will also be responsible for the laboratory assigned to and maintenance of the equipment acquired under the Alcemist project for the synthesis, characterisation and processing of the polysaccharides produced.

III - Remuneration positioning:

The definition of the position is based on the remuneration levels of the categories in Annex I of the Statute of the Scientific Research Career, approved by Decree-Law No. 124/99, of April 20th, as amended, and in accordance with Regulatory Decree No. 11-A/2017, of 29 December, corresponding to the 3rd remuneration position, remuneration level 44, which corresponds to the value of 2.956,03€.

IV - Modality and duration

1. The opening of this tender procedure is intended for the selection of a doctoral candidate to carry out scientific research activities under an uncertain fixed-term employment contract, the basis of the contract being the performance of a specific, precisely defined and non-durable service, the contract being compulsorily financed regardless of its origin;
2. The contract for an uncertain term will last for the time necessary to carry out the project, which is expected to be 4 (four) years, or for as long as the respective justification persists, but may not exceed the maximum limit of 6 years, provided for in article 6(3) of Decree-Law no. 57/2016, of 29 August.

V - Candidates Admission Criteria

- National, foreign and stateless candidates who hold a doctoral degree in the scientific area of the competition may apply. If their qualifications were obtained abroad, they must provide proof of the recognition, equivalence or registration of the degree, under the terms of the applicable legislation. This formality must be fulfilled by the date the contract is signed;
- Have a relevant scientific curriculum in the area of the competition;
- Have experience in the synthesis of liquid crystals; in the main techniques for characterising liquid crystalline materials; in the synthesis of cellulose nanoparticles and cellulose derivatives; in the extraction, modification, purification and characterisation of polysaccharides; in the modification and characterisation of chitin, chitosan and cellulose; in product development;

Preference will be given to candidates with the availability and logistical capacity to start the duties listed in point II of this call for proposals as soon as possible.

VI - Application Instruction

1. The application must be completed by filling in the respective application form, which is available at <https://www.fct.unl.pt/en/faculdade/concursos/investigadores>.
2. The application process must be instructed with the documentation in Portuguese or English.

3. The application should be submitted by e-mail, containing the following documents:
 - a) Certificate attesting to a PhD degree in scientific area of the procedure;
 - b) Curriculum vitae of the candidate, which must include:
 - i) “Researcher ID”, “Scopus Author ID” and “Google Scholar ID” identifications
 - ii) Research and development activities and other activities relevant for the present tender procedure, in concordance with the terms of the call.
 - c) Published works, mentioned in the curriculum vitae, namely the most representative ones, as regards their contribution to the development and evolution of the scientific area in which the procedure is open;
 - d) Declaration, under oath, that if the jury chooses to request the documentation indicated in the previous items or any other scientific documentation cited in the candidate's curriculum vitae, it will be delivered within 10 working days;
 - e) Other documents that the candidates may find relevant for the analysis of their application.
4. If a member of the jury is not fluent in Portuguese, the documents for the candidates' prior hearing and complaints are necessarily presented in English that will be assessed by the jury.

VII - Presentation of the application

1. The application documents must be submitted by the 15th working day counted from the day following the publication of the Notice in the *Diário da República*.
2. Candidates must submit their application documents, in a single file in PDF format, by e-mail to the following address: concursos.investigadores@fct.unl.pt, indicating in the subject the internal reference “**Inv.Jun.20-DCM**”.

VIII - Interview

1. The Jury will deliberate at its first meeting whether an interview is necessary and whether to interview all or some of the candidates;
2. The interview if held, has a maximum weight of 10% of the total evaluation;
3. The interview aims at obtaining clarifications or clarifying the elements contained in the candidates Curriculum vitae, in case of need.

IX- Evaluation Criteria

1. The present procedure is designed to evaluate the candidate's capacity and performance in the different parameters under the terms of article 5 of DL no. 57/2016;
2. The curricular evaluation of the various candidates in each of the areas described below must take into consideration the scientific area in which the call is open;
3. The criteria to be considered in the curricular evaluation of the candidates, in each of the aspects, are those listed below:

- a) Scientific and Technological Production (**STP**);
- b) Applied or Practice-Based Research Activities (**APBRA**);
- c) Extension and Knowledge Dissemination Activities (**EKDA**);
- d) Science, Technology and Innovation Program Management Activities (**STIPMA**);

X - Reasons for admission and exclusion

1. The following are grounds for exclusion from the competition:
 - a) Failure to fulfil the requirements referred to in point V;
 - b) Failure to submit the documents required in points a) to (d) of paragraph 3 of point VI, or submitting them in an illegible or invalid format.
 - c) Incorrectly formalizing of the application.
2. The jury will decide on the admissibility of candidates to the competition, in accordance with the established requirements;
3. The members of the jury will make a justified proposal for each candidate.

XI - Sorting and voting methodology

1. Once the approved candidates have been definitively identified in absolute merit, the jury proceed to their classification in relative merit;
2. Each member of the jury will perform a curricular evaluation of the candidates by presenting a written statement, which will later be included in the minute, in which it proposes the ranking of the candidates duly based on the evaluation criteria indicated in this notice, scoring each candidate against each criterion on a numerical scale from 0 to 100 points;
3. The evaluation criteria indicated should be weighted as follows:

Scientific and Technological Production (STP): 60%

Applied or Practice-Based Research Activities (APBRA): 25%

Extension and Knowledge Dissemination Activities (EKDA): 10%

Science, Technology and Innovation Program Management Activities (STIPMA): 5%

4. The ordering of the Approved candidates is done by vote of the members of the jury, respecting the ranking presented in the statement referred to in the previous number, under the following terms:
 - a) The first vote is intended to determine the candidate to be placed in first place;
 - b) In the voting referred to in the previous paragraph, if a candidate obtains more than half of the votes to be placed in first, he is ordained in this position;
 - c) If the situation referred to in the previous paragraph is not verified, a new vote is held, only among the candidates who obtained votes for 1st place, after withdrawing the lesser candidate voted for that seat in the previous voting;

- d) If there is more than one candidate to be withdrawn, due to an equal number of votes, with a minimum of one vote each, a vote is held only on these to determine the candidate for withdraw from the next vote; in this vote, each member will vote, from among the candidates equally of votes, for the candidate occupying the lowest position in the ranking in his opinion;
- e) If there is a tie, the tiebreaker is done through the tiebreaker vote or vote of quality of the president of the jury;
- f) Voting shall be repeated until it is determined, by the process described above, which candidate is to be ranked first. If only two candidates remain and each of them obtains half of the votes, the tie shall be broken through the quality vote of the President of the jury;
- g) Once the candidate for the first place is chosen, he/she is removed from the voting and the entire process is repeated for the second place and so on until the ordered list of all the candidates.

XII - Notifications and Hearing of Interested Parties

1. A prior hearing shall be held, under the terms of the Administrative Procedure Code, for those candidates who have been rejected, and of candidates who have been placed on the ranking list of the candidates who cannot be filled for the position in the competition. All candidates shall be notified of the ratification of the jury's final decision;
2. Notifications shall be made by email;
3. The tender dossier may be consulted by the candidates, in the Human Resources Division of FCT NOVA, under the terms indicated in the above-mentioned notification.

XIV - Jury Composition

President:

Doctor Maria Helena Figueiredo Godinho, Full Professor of Faculdade de Ciências e Tecnologia da Universidade NOVA de Lisboa;

Effective Members:

Doutor Jan Lagerwall, Full Professor of University of Luxembourg, Luxembourg;

Doutor Eugene Terentjev, Full Professor of University of Cambridge, Cambridge, UK.

Substitute Members:

Doctor João Paulo Miranda Ribeiro Borges, Full Professor of *Faculdade de Ciências e Tecnologias da Universidade Nova de Lisboa, Portugal.*

Doctor Susete Maria Brazão Nogueira Fernandes, Assistant Professor of *Faculdade de Ciências e Tecnologias da Universidade Nova de Lisboa, Portugal.*

XV. Data Protection

In accordance with the RGPD - General Data Protection Regulation, the data collected will be processed exclusively for the processing of the application.

And for the record, this notice is published.
