

# International Research Camp 2024 2025

## 22-24 OCTOBER 2024 INTERNATIONAL RESEARCH CAMP

### Invitation and Registration for International Guests

We are excited to invite international scholars, researchers, and experts to our upcoming International Research Camp (IRC) hosted by the University of Applied Sciences Merseburg.

As part of the IRC program, we are inviting contributions for two 90-minute sessions, which can take the form of either lectures, seminars, or workshops. These sessions will provide an opportunity for participants to share their research, insights, and expertise with students from our various BA and MA programs, fostering meaningful discussions and interdisciplinary connections.

Whether you are an experienced academic, researcher, or a doctoral candidate looking to showcase your work, we welcome your proposals for engaging sessions that align with the themes and objectives of the IRC.

Topics of interest include but are not limited to:

- "Digital Transformation" and "Sustainable Processes"
- Methodological reflections and challenges
- Practical insights into academic and professional development

To express your interest in contributing to the IRC program, please submit your proposal via the following [form](#).

**The deadline for submitting contributions is July 15, 2024, and contributors will be notified by July 31, 2024.**
